However, only the following identifiers are permitted: original, currently amended, canceled, etc. In the present response, Applicant has used "previously amended" instead of previously presented. Furthermore, it should be noted that in the Amendment filed January 30, 2003, Applicant canceled claim 30, but in the present response, it is no longer canceled. Please cancel the claim accordingly. The Revised Amendment Practice Rules are attached herewith. A shortened statutory period of 30 days has been set.

REVISED AMENDMENT PRACTICE HIGHLIGHTS

Technical Support Staff

Requirements of the revised amendment practice of the final rule for all amendments filed on or after July 30, 2003 :

1. Each amendment section must begin on a separate sheet
2. A separate "clean" version of a currently amended paragraph or claim is **NO LONGER REQUIRED** (except for a substitute specification – see No. 5 below)
3. If the amendment adds, changes, or deletes any claim, a listing of all claims that are, or were, in the application, must be provided as follows:
 - The claims must be listed in ascending numerical order
 - The text of all pending claims including withdrawn claims must be presented; no text for "canceled" or "not entered" claims
 - A status identifier must be presented in parentheses after the claim number for each claim; only the following identifiers are permitted: (original), (currently amended), (canceled), (withdrawn), (new), (previously presented), and (not entered)
 - All "currently amended" claims must have markings to show changes; the only markings permitted are underlining for added matter, strikethrough and double brackets [[]] (for five or fewer characters) for deleted matter
 - Grouping of consecutive "canceled" or "not entered" claims permitted (e.g., claims 2-8 (canceled))
4. Upon receipt of a complete listing of all claims, LIEs should cancel all previous versions of claims in the application by drawing a line through the previous versions of claims
5. Amendments to the specification by marked-up replacement paragraphs or sections only - no clean replacement paragraph or section is required; **NO** replacement sheets permitted
 - Note, however, that for substitute specifications, rule 1.125 continues to require both a clean and marked-up copy
6. Drawing changes without markings - clean replacement drawing sheets only – annotated sheet(s) showing changes may be submitted
 - Explanation separately provided
